HOW TO APPLY

- Submit an undergraduate application for admission to UM
 - [Link to application instructions](#)
- Receive your award letter!
 - Once you have been accepted for admission to the University of Mississippi, you will receive an award letter from International Student and Scholar Services based on your GPA and English score.
 - The IAE award is automatic and does not require a supplemental application.
- An SAT or ACT score is not required!

TERMS

- International Academic Excellence Scholarships will only be granted to undergraduate students who are recruited by and apply directly to the University of Mississippi. The scholarship levels and total amount spent in scholarships will be reviewed yearly and adjusted if needed. Students must be new freshmen pursuing their first undergraduate degree.
- Only 10 awards per underrepresented country will be offered at the IAE 4 level, in accordance with the university's list of underrepresented countries.* The list must be assessed yearly and supported by documentation determining underrepresentation. The 10 awards will be awarded to the first 10 admitted undergraduate students from an underrepresented country who meet the requirements and are recruited by and apply directly to the University of Mississippi. Students who are given a discount in tuition through a separate arrangement with the university or students whose governments are funding their educational expenses are not eligible for any level. Students who meet the IAE 4 requirements but are not in the first 10 admitted students will be awarded the IAE 3 level.
- Students will have access to the scholarship for 8 semesters as long as they maintain a 3.0 GPA after the spring semester. Students who drop below a 3.0 can appeal to an appeals committee for reinstatement.
- *Underrepresented countries are currently defined as any country with fewer than 20,000 undergraduate students in the United States according to [Open Doors data](#).
